

Hybrid Events

Leverage CommPartners Full Production Services

Engage our multimedia experts who will help you livestream multiple tracks of sessions to thousands of remote attendees through our custom branded MediaCenter webcast platform. Our team will be available to you from initial conception to post-event review.

Foster Engagement and Networking

Transition your audience from passive attendees to active participants using our platform's interactive features, including Q & A, polls, idea sharing, raffles, response indicators, attendee maps, and digital swag bags.

Host Your Event in a Custom Designed Conference Environment

Utilize our conference portal to provide access to keynotes, concurrent breakout sessions, networking, exhibits, and fun activities.

CommPartners provides a complete solution, supported by our project management experts.
